WE'RE ON ANEW JOURNEY

DEAR HUMMEL PARTNERS,

The 2018 Sport Catalogue marks an exciting time in hummel's long and proud history. You will notice the changes in layout, visuals and text – and this is a strong reflection of the journey we're on as a brand right now. With Allan Vad Nielsen as the new CEO of the company, hummel will be further developing, continuing and building upon its relationship with all of you – our strong and important partners.

Sport is at the core of hummel. The passion it brings, the opportunities it provides, the joy it creates. Sport has always been about the social aspects for hummel – the tireless players and enthusiasts on the pitch, in the club and in the communities.

We cannot do it without close partnerships and collaborators – whether its retail partners, clubs, teams or players. This is, and will always be, the foundation of hummel and a cornerstone in our expansion process.

We believe that we can Change The World Through Sport. This belief has been at the core of hummel for years – and will continue to be expanded. We want to be known as the world's most social sports brand – it's the distillation of all our values and foundations, and is expressed in our Company Karma strategy. This differentiates us as a sports brand, improves the quality of life for people around the world, and connects even more people through the social aspects of sport.

After all, sport is nothing without enthusiastic people. That's why we keep creating and designing new products. And as you can see on the following pages, we have worked hard to bring only the best and most enticing products to all of you – our partners.

HUMMEL BRAND HISTORY

1956 1968

1923

Albert Messmer develops one of the first football cleats in the world. With his brother Michael Ludwig Messmer, he founds the company Messmer & Co., that will go on to become known as hummel. The visionary Bernhard Weckenbrock takes over the company. He creates a comprehensive brand identity and introduces the chevrons.

The first sponsorship deal is signed. The deal is with Duisburg, a team playing in the 2nd German Bundesliga.

hummel is introduced to the Northern European market. 1969

The first sportswear collection is launched. Sponsorships are signed and help boost sales. A rounder version of the bumblebee than the current one is created.

1979

hummel signs a sponsorship deal with the Danish national team for the first time – a deal that lasts until 2004.

hummel signs a sponsorship deal with Real Madrid and the club's biggest star, Emilio Butragueño. The deal makes hummel products even more popular. 1992

It's a surprising win, to say the least. The Danish national team takes the title at the European Championships having played Germany in the final.

1999

hummel celebrates its 90th birthday with the relaunch of a range of heritage styles. hummel gets a new owner – Thornico. Christian Stadil becomes part of the brand history. He launches a reintroduced, original sport style collection on the fashion market and hummel becomes a trendsetting sports apparel brand.

2016

2017

After many years hummel once again sponsors a team in the German Bundesliga.

The SC Freiburg plays a sensational first season after returning to the first league and qualifies for international competition.

The Danish women's team wins silver at the Women's Euro Championship in the Netherlands, losing to the Netherlands in the final.

REFLECTOR TECH

REFLECTOR TECH COLLECTION **RUNNING FROM** 2017-2018

THE TOP-LEVEL PERFORMANCE COLLECTION

The Reflector Tech collection is the most advanced collection developed for professional players. It enhances the athlete's performance and features a wide range of technical details like body mapping systems, compression fabrics and muscle supports. With lightweight fabrics, moisture management, outdoor protection, and visibility incorporated into the design, players can perform in any kind of weather. Seamless designs, clean-lined aesthetics and functional details come together in an elevated collection that provides a professional look for all players.

- **X** Lightweight fabrics & moisture management
- **X** Body mapping systems & muscle support
- **X** Outdoor protection & visibility
- **X** Compression fabrics for performance and recovery

TECH MOVE

TECH MOVE COLLECTION RUNNING FROM 2018-2020

THE MULTIFUNCTIONAL TEAM SPORT COLLECTION

Tech Move is designed for high-performance team sport athletes who appreciate a combination of high functionality and modern aesthetics. It is a multifunctional performance collection that combines the functionality of lightweight fabrics with second skin comfort. Textured chevrons and 3D signature mesh panels are integrated into the articulated seams, and as the designs are all-weather items, they reflect the inherent Danish DNA of hummel.

- Lightweight materials with second skin comfort
- # High-performance functions and benefits
- **X** All-weather designs
- ***** Increased functionality

CORE COLLECTION RUNNING FROM 2016-2020

THE POPULAR COLLECTION OF QUALITY BASICS

Offering a strong range of quality basics, the popular Core collection covers everything players need for both training and matches. As the collection includes everything from comfortable and durable jerseys to pants, jackets and sweatshirts, the Core collection is one of hummel's classics. Elevated neck cuts, sleeve hem details, and the iconic chevrons create a look that delivers maximum value for money.

- * Quality basics satisfying every need
- Comfortable fabrics and functional cuts for performance
- * Iconic chevron print for a consistent look
- * Elevated neck cuts and sleeve hem details

COLLECTION RUNNING FROM 2016-2020

GOALKEEPER & REFEREE

EXTRA PROTECTION, FIT, AND COMFORT

The goalkeeper and referee collection delivers extra support for every move. Protective padding, effective moisture management and breathable mesh inserts allow for unrestricted movement, extreme leaps and jumps. Padded elbows and tights ensure optimal protection and both the design and colours allow referees and goalkeepers to be easily recognized on the field or court. Inspired by Peter Schmeichel's iconic 90s goalkeeper jersey, selected styles are decked out with retro embossed print.

- ***** Breathable fabrics and moisture management
- ***** Padded elbows and thighs for protective support
- Functional fits and range of movement for performance
- * Iconic design references and seasonal colours

BASELAYER 8. TRAINING

TECHNICAL TRAINING APPAREL AND PREMIUM BASELAYER DESIGNS

Providing the utmost in technical performance and training wear, the premium Baselayer collection and Running & Training apparel collection offer high-performance with a focus on materials, comfort and functionality. Running & Training features quick-drying fabrics, reflective prints, moisture management and anti-bacterial treatments, while the Baselayer collection presents three different sub-collections to meet every need of the athlete. Lightweight materials with ventilation zones regulate body temperatures while ergonomic panelling supports muscle movement.

- Body-adapted ventilation zones and moisture management
- Lightweight materials in quick-drying fabrics
- Ergonomic panelling, compression fabrics and seamless designs
- Anti-bacterial treatments and high-performance comfort

IBASELAYER

FIRST PERFORMANCE

The First Performance
Baselayer collection is
designed with both an ultralightweight fit and comfort in
mind. With high ventilation
and muscle control incorporated into the collection,
this Baselayer range is for
extra performance-driven
athletes and players.

FIRST COMFORT

The First Comfort Baselayer collection builds on top of the light-weight materials and ventilation designs and features seamless and muscle-enhancing construction. First Comfort features both extra insulation and ventilation and calls for hard workouts and training sessions where the body temperature needs the highest standards of heat regulation.

FIRST COMPRESSION

The First Compression
Baselayer collection is
created for players that need
the utmost in body support
to reach maximum endurance
during every workout. The
range compresses core muscle
groups and aids fast recovery
after heavy workout sessions
with its ergonomic fit and
high-stretch capabilities.

HAND. BALLS

FROM PROFESSIONAL TO PRACTICE BALLS, HUMMEL OFFERS A DIVERSE RANGE FOR ALL KINDS OF PLAYERS AND TEAMS.

Reliable handballs with predictable flight and a good bounce are essential. hummel offers a competitive range of quality handballs – from high-performance match balls to training balls for children. All handballs are made from durable PU (Polyurethane). Most of the balls also feature these three crucial elements:

- ★ AirTouch cushioning for extra softness and bounce
- * Woven poly/cotton lining that stabilizes and adjusts softness/weight
- * Latex bladder with AirTrap valve for an airtight ball

HYBRID BALLS

STORM PRO

High performance match & training ball

This glued hybrid-ball is created for extra softness and speed. This elite handball has IHF approval and works well for playful players with lots of tricks.

STORM

High performance match & training ball

A fast and soft hybrid-ball that is a favourite among elite female and youth players that value playful games with lots of tricks.

HAND STITCHED BALLS

CONCEPT+

The professional match ball

Approved by the IHF, this elite ball for professional players has a spongy surface for perfect grip.

PREMIER

Match & Training ball

With a soft layer of foam instead of the AirTouch cushioning, this is the ball for quick youth players who value hard balls.

CONCEPT

The professional training ball

With a slightly thinner PU, the Concept ball is a professional ball suitable for both elite training and high-level matches.

ARENA

Match & Training ball

Entry-level training ball at an affordable price. Not suitable for resin use and therefore mostly a training ball.

ELITE

High Performance Match & Training Ball

With its soft surface, the Elite ball is a favourite among elite female and youth players who use it as both a match and training ball.

KIDS

Specially created for children

With the soft AirTouch surface, this children's ball is created with the smallest players in mind. Not suitable for resin use, it is a durable ball with good grip.

HYBRID HANDBALLS

UNIQUE DOUBLE BLADDER CONSTRUCTION

Inner and outer rubber bladders reinforced by a cotton and polyester lining for a perfect mix of bounce and stability. The inner bladder makes your ball vivid and bouncy, while the unique second bladder takes the bounce to new heights!

STRONG HYBRID CONSTRUCTION

Hybrid handballs are extra strong and durable. All PU hexagons are machine-stitched and glued together before being hardened under compression giving a super smooth surface and a perfect roundness.

THICK FOAM-BACKED PU SURFACE

With Air Touch foam to back a thick PU surface, you're sure to experience extra softness and a better grip. The PU of Storm Pro has even been upgraded with a microfiber padding providing a whole new dimension of softness.

REGULAR HANDBALLS

TRADITIONAL RUBBER BLADDER

Inner rubber bladder covered by a white cotton and polyester lining giving you a great mix of bounce and stability when you set your ball in motion.

FOAM-BACKED PU SURFACE

All PU hexagons are hand-stitched and backed with foam of different thicknesses depending on the type of ball best suited for your game plan.

HANDRAII

HANDBALL INFLATION GUIDE

PREPARATION

During wintertime, we suggest to store the handballs at room temperature $(20-25^{\circ}C)$ for minimum 24 hours before the first inflation in order to secure optimal softness, shape and grip.

VALVE OIL

Drip 1-2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve. Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape. Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

HANDBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1-2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the handball in a ventilated room at 20-25°C.

WEIGHT AND CIRCUMFERENCE OF HANDBALLS

| SIZE | CIRCUMFERENCE | WEIGHT | RECOMMENDED PRESSURE (BAR) |
|------|---------------|-----------|----------------------------|
| 3 | 58—60 cm | 425—435 g | 0,3 |

FOCT-BALLS

A BROAD RANGE OF FOOTBALLS FOR PROFESSIONALS AND AMATEURS ALIKE.

From professional, FIFA-approved match balls to futsal balls and balls for children, hummel offers a wide range of carefully developed footballs. Many feature special features like AirTouch technology for soft cushioning and AirTrap latex bladders for responsive, light and airtight balls. All balls are designed with durability in mind, whether they're professional, indoor or practice balls.

- * High-performance match, training and futsal balls
- **≭** FIFA-approved match balls
- ***** AirTouch cushioning for softness
- * AirTrap latex bladder for airtightness and lightness

BLADE PLUS

The premium thermo bonded ball

Approved by FIFA, this thermo bonded ball is the top-level bonded ball. With a coarse surface, it's an elite ball perfect for professional matches.

STORM

Match & Training ball with plenty of bounce

With its smooth surface and EVA foam, this ball has lots of bounce and energy which makes it suitable for high-level games.

HYBRID BALLS

STORM LIGHT

Speciality ball for children

This hybrid ball has a soft EVA foam for softness. Due to its lightness, it's perfect for children and youth players.

STORM ULTRA LIGHT

Ultra light ball for children

Even lighter than the Storm Light, the Storm Ultra-Light caters to beginners and young players who want to practice their ball skills.

HAND STITCHED BALLS

CONCEPT+

The top-level professional ball

The absolute top-level ball, which carries FIFA approval. With a microfiber surface for flexibility and control, this hand-sewn match ball is a favourite among pros.

PREMIER ULTRA LIGHT

The light match & training ball

Even lighter than the Premier Light, the low weight makes this ball well-suited to beginners practicing on all surfaces.

ELITE

High performance match & training ball

With its slightly stiffer surface, the Elite ball feels a bit lighter than Concept+. It is perfect for seniors and youth players in both training and matches.

ENERGIZER

Leisure play & game ball

With a durable and soft material, the Energizer is designed for playful games and leisure at school, at home and indoors.

PREMIER

A durable ball for junior players

Especially popular among high-level junior players, this durable ball can be used on both grass and artificial turfs.

FUTSAL

The speciality futsal ball

Created especially for the indoor sport futsal, this heavy ball is also the perfect trick ball. Can be used indoors or on outdoor futsal fields.

PREMIER LIGHT

A light ball for juniors and children

practice their skills on grass, artificial turf and indoors.

INNER BLADDER

Inner rubber bladder giving vivacity and bounce to the ball and explosivity to your game.

MOLDABLE FOAM

Foam layer with a moldable effect making it either soft or hard depending on the type of ball best suited for your game plan.

WHITE LINING

White lining consisting of cotton and polyester pads glued on top of the rubber bladder to give stability and make the ball perfectly round.

RESISTANT PU SURFACE

Finished off with a resistant PU surface, the hummel football is ready for play in any type of weather and feels absolutely perfect in the hands of any goalkeeper.

FOOTBALL INFLATION GUIDE

PREPARATION

During wintertime we suggest to store the footballs at room temperature $(20-25^{\circ}C)$ for minimum 24 hours before the first inflation in order to secure optimal softness and shape.

Unfold the football with both hands and shake the bladder free.

VALVE OIL

Drip 1-2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve.

Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape.
 Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

FOOTBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1-2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

FOOTBALL

Store the ball at reduced pressure in a dry ventilated room at 20 - 25°C.

CLEANING AND DRYING

After use clean the football in mild soapy water and rinse with water. Then wipe the ball off with a towel and let it fully dry in a dry, airy place at $20-25^{\circ}C$.

WEIGHT

RECOMMENDED

PRESSURE (BAR)

Never dry the ball on or near a heating device.

DBU train in the Tech Move collection

hummel is proud to sponsor clubs and teams that do things differently and represent several of the hummel values of Sport, Character, Karma, Danishness, and Heritage – and one of them is SC Freiburg. The German club that has played in the German Bundesliga in 16 of the past 22 years, is known for its positive approach to talent, community building and its tight-knit relationship with its fan base. Their youth team has produced more licensed football players for the professional team than any other German pro-club and tellingly, their fanbase is equally as strong: with tolerance, respect for opponents and intense loyalty to the club, the fans are the backbone of SC Freiburg. It makes SC Freiburg a club with inherent Character – and

an obvious partner for hummel.

Aarhus United train in the Authentic Charge collection

HARPIKS

AARHUS UNITED

RETHINKING WOMEN'S HANDBALL WITH A STRONG COMMUNITY

In hummel's hometown of Aarhus, women's handball club Aarhus United is a brilliant example of how to reinvent sport, community and talent development. As a union of nine handball clubs in and around Aarhus, the club was formed in early 2017 and has already become a strong platform for developing the sport, securing Aarhus as a stronghold of women's handball, and creating a tight-knit community at the same time. Aarhus United has a stated mission to think and act differently from other clubs - and as such, they not only represent hummel's strong position in European handball, but are also an exciting example of how to co-think community, development, partnerships, and understanding of the youth.

Füchse Berlin train in the Core collection

FUCHSE BERLIN

THE GERMAN HANDBALL CLUB THAT HAS RISEN TO THE TOP

Since they were founded in 1891, Füchse Berlin has been an integral part of handball in Berlin. Since 2014, they have won the DHB-Pokal, the EHF Cup and the IHF Super Globe, the latter twice in 2015 and 2016. hummel's sponsorship deal with Füchse Berlin further enhances its position as one of the world's leading handball and indoor brands. In a close-knit collaboration between hummel and the club, the jersey designs for Füchse Berlin reflect hummel's close relationship to Berlin and have details that show some of the city's landmarks. This highlights the close collaboration - a partnership that is further underlined by the fact that Füchse Berlin's star player Paul Drux has a personal hummel sponsorship and has been the face of the extremely popular professional Aerocharge handball shoe, which was released in 2017.

PRINT— GUIDE

DO take extra care with the print press

DO adjust the machine settings to the correct pressure per cm2 and printing time

DO have the correct temperature settings as supplied in manual [max temperature 140°C]

DO use rubber pad for the garment's print area to lay on

DO NOT heat directly onto any excisting print on the garment

DO NOT use either paper or Teflon sheet to protect excisting print from the heat plate

DO NOT heat garment for any longer than 15 seconds

IMPORTANT!

Providing that these guidelines are followed correctly, you should have a perfectly printed garment with no damage done to the existing print.

hummel is not liable for any damage made to the existing print/logo, should it be reheated and/or if the instructions are not followed correctly. This can damage existing print or logo leading to peeling-off or cracking.

BEE-

With the hummel BeeSpoke programme, clubs can have unique kits and create their own vision of style. Clubs can choose from five jersey styles with either short or long sleeves, and a variety of special colours. With more than 4000 possible design variations and flexibility on quantity and lead time, hummel BeeSpoke highlights the individuality of every single club and caters to speciality needs and requirements. When you enter hummel BeeSpoke, six easy steps take you through the process:

FROM CRADLE TO CRADLE

A SUSTAINABLE SPORT CATALOGUE

This Sport Catalogue is a cradle-to-cradle certified product.

This means that you turn the pages of a guaranteed sustainably printed product, which is 100% biologically decomposable and completely free of any toxic chemicals and heavy metals. It also means that in producing this brochure, we have reused the earth's resources in a natural circular process, leaving no harmful waste materials, which are dangerous to people or the environment. In other words, you could bury this brochure in your garden and even plant vegetables on top without damaging the environment or your health!

The Cradle-to-Cradle certification is a holistic environmental certification which guarantees that a product does not pollute or eat into the earth's limited resources but enters nature's own circuit. In line with our Company Karma philosophy, we encourage these new environmentally responsible and circular processes, securing a healthy world for future generations, from cradle to cradle.
