TEAMSPORTCOLLECTIONS

HUMMEL **BRAND HISTORY**

Bernhard Weckenbrock

1923

Albert Messmer develops one of the first football cleats in the world. With his brother Michael Ludwig Messmer, he founds the company Messmer & Co., that will go on to become known as hummel.

1956

The visionary Bernhard Weckenbrock takes over the company. He creates a comprehensive brand identity and introduces the chevrons.

1969

The first sportswear collection is launched. Sponsorships are signed and help boost sales. A rounder version of the bumblebee than the current one is created.

1968

The first sponsorship deal is signed. The deal is with Duisburg, a team playing in the 2nd German Bundesliga.

hummel is introduced to the Northern European market.

1979

hummel signs a sponsorship deal with the Danish national team for the first time - a deal that lasts until 2004.

1988

hummel signs a sponsorship deal with Real Madrid and the club's biggest star, Emilio Butragueño. The deal makes hummel products even more popular.

Emilio Butragueño

1992

It's a surprising win, to say the least. The Danish national team takes the title at the European Championships having played Germany in the final.

hummel gets a new owner – Thornico. Christian
Stadil becomes part of the brand history. He launches a reintroduced, original sport style collection on the fashion market and hummel becomes a trendsetting sports apparel brand.

2017

The Danish women's team wins silver at the Women's Euro Championship in the Netherlands, losing to the Netherlands in the final.

2016

After many years hummel once again sponsors a team in the German Bundesliga. SC Freiburg plays a sensational first season after returning to the first league and qualifies for international competition.

hummel celebrates its 90th birthday with the relaunch of a range of heritage styles.

2019

The International Handball Federation and hummel join forces, with hummel becoming the official technical sponsor and clothing supplier of the IHF. The new partnership starts with The IHF World Men's Championships in Denmark and Germany in January 2019

2018

hummel signs a sponsorship deal with Scottish giants Rangers F.C. – the club with the most league titles in the world. From hummels perspective, the deal marks a renewed focus on football in the UK.

1000+ SPONSORSHIPS

hummel is proud to sponsor a powerful, inspiring and unparalleled roster of teams, clubs, and players in countries all over the world. Together, they form #teamhummel – and in different ways, they bring character, strong social values, and commitment to the game. To bring some of our key collections to life, we have visited six of the clubs we sponsor – and at hummel, we work hard to create even closer relationships with all partners in the years to come.

PRECISION PRO

COLLECTION RUNNING FROM 2018-2019

Own the game - always

Many styles feature cool and practical functionalities, such as **BEECOOL** (moisture-wicking fabrics), seamless knits, body mapping, muscle and spine support as well as soft touch elastic waistbands. These features allow for athletes to

play at their absolute best. Precision Pro takes a contemporary, sophisticated and sporty approach to the hummel® heritage look featuring textured transfer-print chevrons and a variety of playful, geometric knit patterns. All styles feature an active fit ensuring great comfort and ease of movement.

TECH MOVE

COLLECTION RUNNING FROM 2018-2020

The multifunctional team sport collection

Tech Move is designed for high-performance team sport athletes who appreciate a combination of high functionality and modern aesthetics. It is a multifunctional performance collection that com-

bines the functionality of lightweight fabrics with second skin comfort. Textured chevrons and 3D signature mesh panels are integrated into the articulated seams, and as the designs are all-weather items, they reflect the inherent Danish DNA of hummel.

CORE

COLLECTION RUNNING FROM 2018-2021

The popular collection of quality basics

Offering a strong range of quality basics, the popular Core collection covers everything players need for both training and matches. As the collection includes everything from comfortable and durable

jerseys to pants, jackets and sweatshirts, the Core collection is one of hummel's classics. Elevated neck cuts, sleeve hem details, and the iconic chevrons create a look that delivers maximum value for money.

BEESPOKE

With the hummel BeeSpoke programme, clubs can have unique kits and create their own vision of style. Clubs can choose from five jersey styles with either short or long sleeves, and a variety of special colours. With more than 4000 possible design variations and flexibility on quantity

and lead time, hummel BeeSpoke highlights the individuality of every single club and caters to speciality needs and requirements.

It's time to go explore the extensive possibilities of the hummel BeeSpoke universe

REAL VALLADOLID

GOALKEEPER & REFEREE

Extra protection, fit, and comfort

The goalkeeper and referee collection delivers extra support for every move. Protective padding, effective moisture management and breathable mesh inserts allow for unrestricted movement, extreme leaps and jumps. Padded elbows and tights

ensure optimal protection and both the design and colours allow referees and goalkeepers to be easily recognized on the field or court. Inspired by Peter Schmeichel's iconic 90s goalkeeper jersey, selected styles are decked out with retro embossed print.

ESSENTIAL GK JERSEY

- · 100% polyester
- · Moisture management
- · Padded elbow protection
- \cdot Rib collar and cuffs

BASELAYER

Technical training apparel and premium baselayer designs

Providing the utmost in technical performance and training wear, the premium Baselayer collection and Running & Training apparel collection offer high-performance with a focus on materials, comfort and functionality. Running & Training features

quick-drying fabrics, reflective prints, moisture management and anti-bacterial treatments, while the Baselayer collection presents three different sub-collections to meet every need of the athlete. Lightweight materials with ventilation zones regulate body temperatures while ergonomic panelling supports muscle movement.

FIRST BASELAYER

COMPRESSION

Fast recovery and full muscle support for team players and athletes

- HIGH COMPRESSION MUSCLE SUPPORT provides endurance and fast recovery.
- ERGONOMIC FIT supports your muscle movements and boosts performance.

HANDBALL

From professional to practice balls, hummel offers a diverse range for all kinds of players and teams.

Reliable handballs with predictable flight and a good bounce are essential. hummel offers a

competitive range of quality handballs – from high-performance match balls to training balls for children. All handballs are made from durable PU (Polyurethane). Most of the balls also feature these three crucial elements:

AIRTOUCH CUSHIONING FOR EXTRA SOFTNESS AND BOUNCE

WOVEN POLY/COTTON LINING
THAT STABILIZES AND ADJUSTS
SOFTNESS/WEIGHT

STORM PRO 2.0

High performance hybrid match ball

This white hybrid handball is machine stitched and glued together for a super soft and comfortable feel. A professional handball for the skillful player.

STORM PRO

High performance match & training ball

This glued hybrid-ball is created for extra softness and speed. This elite handball has IHF approval and works well for playful players with lots of tricks.

HAND STITCHED BALLS

CONCEPT PRO

The professional match ball

Approved by the IHF, this elite ball for professional players has a spongy surface for perfect grip.

CONCEPT

The professional training ball

With a slightly thinner PU, the Concept ball is a professional ball suitable for both elite training and high-level matches.

ELITE GRIP

High performance sticky match and training ball

A new sticky grip technology ensures a sticky surface - to replace resin. The handball of the resin free future is here. Suited for elite players for both match and training.

ELITE

High Performance Match and Training ball

With its soft surface, the Elite ball is a favourite among elite female and youth players who use it as both a match and training ball.

PREMIER GRIP

Sticky match and training ball

A new sticky grip technology ensures a sticky surface - to replace resin. With a soft layer of foam this is the ball for quick youth players who value hard balls.

PREMIER

Match and Training ball

With a soft layer of foam instead of the AirTouch cushioning, this is the ball for the quick youth players who value hard balls.

ARENA

Match and Training ball

Entry-level training ball at an affordable price. Not suitable for resin use and therefore mostly a training ball.

ENERGIZER

Basic training gball

This machine stitched handball is designed to last for countless training hours in the training hall. Very suitable for resin, this makes the perfect basic training ball.

KIDS

Specially created for children

With the soft AirTouch surface, this children's ball is created with the smallest players in mind. Not suitable for resin use, it is a durable ball with good grip.

STREET PLAY

Street handball for active play and training

This fun street handball is stuffed with padding and has a PU surface, which makes it very soft and easy to squeeze. The ideal ball for active play and training both indoors and outdoors. Not suitable for resin use.

Beach handball for match and training

This rubber based handball is developed to meet the very specific requirements of beach handball. Suited for both match and training.

EASY KIDS

Rubber handball for active play and training

The EASY KIDS handball is made of rubber which gives it a soft surface and makes it easy to grab. The ideal handball for children who want to become familiar with the sport of handball. Not suitable for resin use.

SPUME KIDS

Foam handball for active play and training

fect ball for childrens training and play without

HYBRID HANDBALLS

STRONG HYBRID CONSTRUCTION

Hybrid handballs are extra strong and durable. All PU hexagons are machine-stitched and glued together before being hardened under compression giving a super smooth surface and a perfect roundness.

UNIQUE DOUBLE BLADDER CONSTRUCTION

Inner and outer rubber bladders reinforced by a cotton and polyester lining for a perfect mix of bounce and stability. The inner bladder makes your ball vivid and bouncy, while the unique second bladder takes the bounce to new heights!

THICK FOAM-BACKED PU SURFACE

With Air Touch foam to back a thick PU surface, you're sure to experience extra softness and a better grip. The PU of Storm Pro has even been upgraded with a microfiber padding providing a whole new dimension of softness.

REGULAR HANDBALLS

FOAM-BACKED PU SURFACE

All PU hexagons are hand-stitched and backed with foam of different thicknesses depending on the type of ball best suited for your game plan.

TRADITIONAL RUBBER BLADDER

Inner rubber bladder covered by a white cotton and polyester lining giving you a great mix of bounce and stability when you set your ball in motion.

HANDBALL INFLATION GUIDE

PREPARATION

During wintertime, we suggest to store the handballs at room temperature $(20 - 25^{\circ}C)$ for minimum 24 hours before the first inflation in order to secure optimal softness, shape and grip.

VALVE OIL

Drip 1-2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve. Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape. Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

HANDBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1-2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the handball in a ventilated room at $20-25^{\circ}$ C.

FOOTBALL

A broad range of footballs for professionals and amateurs alike.

From professional, FIFA-approved match balls to futsal balls and balls for children, hummel offers a wide range of carefully developed footballs. Many feature special features like AirTouch technology for soft cushioning and AirTrap latex bladders for responsive, light and airtight balls. All balls are designed with durability in mind, whether they're professional, indoor or practice balls.

THERMO BONDED BALLS

BLADE PLUS

The premium thermo bonded ball

Approved by FIFA, this thermo bonded ball is the top-level bonded ball. With a coarse surface, it's an elite ball perfect for professional matches.

STORM

Match & Training ball with plenty of bounce

With its smooth surface and EVA foam, this ball has lots of bounce and energy which makes it suitable for high-level games.

HYBRID BALLS

STORM LIGHT

Speciality ball for children

This hybrid ball has a soft EVA foam for softness. Due to its lightness, it's perfect for children and youth players.

STORM ULTRA LIGHT

Ultra light ball for children

Even lighter than the Storm Light, the Storm Ultra-Light caters to beginners and young players who want to practice their ball skills.

HAND STITCHED BALLS

CONCEPT+

The top-level professional ball

The absolute top-level ball, which carries FIFA approval. With a microfiber surface for flexibility and control, this hand-sewn match ball is a favourite among pros.

ELITE

High performance match & training ball

With its slightly stiffer surface, the Elite ball feels a bit lighter than Concept+. It is perfect for seniors and youth players in both training and matches.

PREMIER ULTRA LIGHT

The light match & training ball

Even lighter than the Premier Light, the low weight makes this ball well-suited to beginners practicing on all surfaces.

PREMIER

A durable ball for junior players

Especially popular among high-level junior players, this durable ball can be used on both grass and artificial turfs.

PREMIER LIGHT

A light ball for juniors and children

This light speciality ball makes it easier for children and junior players to practice their skills on grass, artificial turf and indoors.

ENERGIZER

Leisure play & game ball

With a durable and soft material, the Energizer is designed for playful games and leisure at school, at home and indoors.

FUTSAL

The speciality futsal ball

Created especially for the indoor sport futsal, this heavy ball is also the perfect trick ball. Can be used indoors or on outdoor futsal fields.

INNER BLADDER

Inner rubber bladder giving vivacity and bounce to the ball and explosivity to your game.

MOLDABLE FOAM

Foam layer with a moldable effect making it either soft or hard depending on the type of ball best suited for your game plan.

WHITE LINING

White lining consisting of cotton and polyester pads glued on top of the rubber bladder to give stability and make the ball perfectly round.

RESISTANT PU SURFACE

Finished off with a resistant PU surface, the hummel football is ready for play in any type of weather and feels absolutely perfect in the hands of any goalkeeper.

FOOTBALL INFLATION GUIDE

PREPARATION

During wintertime we suggest to store the footballs at room temperature $(20-25^{\circ}C)$ for minimum 24 hours before the first inflation in order to secure optimal softness and shape.

Unfold the football with both hands and shake the bladder free.

VALVE OIL

Drip 1-2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve.

Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape.
 Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

FOOTBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1-2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the ball at reduced pressure in a dry ventilated room at 20 - 25 °C.

CLEANING AND DRYING

After use clean the football in mild soapy water and rinse with water. Then wipe the ball off with a towel and let it fully dry in a dry, airy place at $20-25^{\circ}C$.

Never dry the ball on or near a heating device.

PRINT GUIDE

DO take extra care with the print press

DO adjust the machine settings to the correct pressure per cm2 and printing time

DO have the correct temperature settings as supplied in manual [max temperature 140°C]

DO use rubber pad for the garment's print area to lay on

DO NOT heat directly onto any excisting print on the garment

DO NOT use either paper or Teflon sheet to protect excisting print from the heat plate

DO NOT heat garment for any longer than 15 seconds

IMPORTANT! Providing that these guidelines are followed correctly, you should have a perfectly printed garment with no damage done to the existing print.

hummel is not liable for any damage made to the existing print/logo, should it be reheated and/or if the instructions are not followed correctly. This can damage existing print or logo leading to peeling-off or cracking.
